Re: Exceptions for drawing IDEA-1702A  
Project: Westward Ho

Dear Sales and Marketing,

**This project contains some of our standardized Custom products. Below is a list of steps that you should take now, so that when you submit the purchase order we can facilitate the processing and manufacturing of this structure without any interruptions.**

- Inform your Customer that this project contains one or more custom graphics.
- Ask for a key contact so that you or your office can work directly with that individual as to the design of the Custom Graphics.
- Submit a completed Custom Graphics request form from the Customer Service - Forms/Reports section of the BBS. Fax to 570.522.3030.
- Work as a liaison between Playworld Systems, Inc. and the Customer until the design of each Custom product meets the Customer's approval.
- Have each Custom Graphic signed by your Customer once approved.
- Ensure you have at least three copies of each of the signed Custom Graphics. One copy for the Customer, one copy for your records, and one copy to send to Playworld Systems, Inc. along with the purchase order.  
(Each custom graphic must include a signed copy for order)
- Verify your purchase order with the Order Acknowledgement that you receive from Playworld Systems, Inc.
